

Workshop and Symposium: Biophysical simulations and experiments

Advanced computational methods: metadynamics and clustering; and recent progress from the biophysical and biochemical community.

Location: Sede de Investigación Universitaria (SIU), University of Antioquia

Dates: May 21st to May 23rd, 2018

Invited Speakers:

- Alessandro Laio, SISSA, Italy
- Alex Rodriguez, SISSA, Italy
- Camilo Aponte, UniAndes, Colombia
- Manu Forero, UniAndes, Colombia
- Olga Lopez-Acevedo, UdeA, Colombia
- Leonardo Pachón, UdeA, Colombia
- Marcela Manrique-Moreno, UdeA, Colombia
- Juliana Restrepo, EIA, Colombia

**Free
registration**

Participants should have a background in computations.

To register contact Pilar Cossio:
grupotandem.biotd@udea.edu.co

Limited places available

Max Planck Tandem Group,
Biophysics of Tropical Diseases
